

Ora FacePass FP01

8-in-1 AI Biometric Smart Lock with Built-In Video Doorbell and Handle

Model: FP01MY26 | Finish: Matte Black

+1 (888) 673-9899

Overview

The Ora FacePass FP01 is the most advanced facial-recognition-ready smart lock for residential and commercial use, delivering **8 distinct ways** to unlock in one sleek and weather-resistant device. Comes with a built-in 2MP color night vision video doorbell camera with an Ultra-wide field of view for you to know who's at your door, and you can talk to them and grant access remotely from anywhere in the world. For the first time in the industry ever, we integrated double-bore into one setup and offer our users a seamless and integrated access experience.

Key Features & Benefits

- AI-powered 3D facial recognition — fully offline, on-device only
- Built-in 2MP video doorbell with 160° FOV and color night vision
- Real-time 2-way intercom via the Ora FacePass app
- 5,000 mAh battery — 6–8 months per charge with USB-C emergency backup
- Supports up to 250 credentials storage
- Alarm + timed lockout on repeated failed access attempts
- IP65 weather resistant, 20-minute fire rated, FCC certified
- Compatible with Amazon Alexa and Google Home
- Biometric data stored exclusively on-device — never uploaded online
- 2-year electronics / 3-year enclosure limited warranty

8 WAYS TO UNLOCK

Facial Recognition

AI-powered 3D face ID works fully offline. Facial data stored exclusively on-device and never uploaded online.

Palm Vein Authentication

Subsurface vein scanning reads your unique vein pattern — virtually impossible to spoof.

Fingerprint Verification

Fast, reliable capacitive fingerprint sensor. Always at your fingertip.

PIN Code

Enter your personal PIN on the backlit touchscreen for quick, keyless access.

Temporary Access Code

Time-based codes for guests or contractors. Set a date/time window, repeat on schedule, auto-deactivates when expired.

Mobile App Remote Control

Lock, unlock, and grant access remotely via the Ora FacePass app on iOS and Android.

Key Fob

One-tap entry for family and frequent visitors. Compact and always ready.

Physical Key

Traditional backup key included — always there when you need it.

SECURITY & CAMERA

Active Security Defense

The FP01 supports up to **250 individual user profiles**. On repeated wrong credentials, the built-in alarm triggers and the system locks down. Push notifications alert you instantly.

Built-In Video Doorbell

The integrated 2MP video doorbell streams live 2-way audio and video to your phone. With a **160° field of view** and **color night vision**, you see every visitor in clearly day or night.

POWER, DURABILITY & CONNECTIVITY
